A BETTER
WAY
OF LIVING

 PG BISON

GALLERY 5

**BEAUTIFUL SPACES
SPARK JOY**

STAY CLOSE TO PEOPLE WHO FEEL LIKE SUNSHINE

It's a busy life. But there are places in between the rush where we pause, whether to work, or play, or learn, to live, or to simply invest time in our family and friends.

We believe these places are the centre of our world and no matter how different we are, we long for the same thing. Moments of joy in these places. Unforgettable minutes. Days we'll always remember. Times we'll always treasure.

Our mission is to give you everything you need to create spaces as beautiful as the moments spent in them. Once again, we've explored trends around the world, and thought hard about life here at home, and we've created a new range of colours, designs and woodgrains that we feel sure will spark the joy everyone is seeking.

This is Gallery 5. This is one step closer to the space you deserve.

BEAUTIFUL NEWS.

FIND THE BEAUTY WITHIN

Indulge in our premium range of exquisite, contemporary worktops.

A sleek construction of laminate, flat-bonded, on our distinctive, black NobleCore™ substrate, makes it perfect for slim line kitchen worktops and other tabletop applications. The NobleCore™ substrate offers a versatile canvass for decorative edge profiling and panel shaping.

The wide format is double-sided, ideal for exposed applications such as waterfall downstands in breakfast nooks and centre islands. NobleCore™ boasts improved moisture resistance, but all exposed edges must be properly sealed, to ensure your installation lasts as long as possible. Now, you can bring a new sense of style and timeless elegance to important spaces, or add a classic luxury feel to applications with Luxora™.

Substrate	Finish	Thickness	Sheet Size	Surface	Pack Size
NobleCore™	Textured	18mm	3 660mm x 600mm	Single face	5
NobleCore™	Textured	18mm	3 660mm x 1 200mm	Double face	5

Made for today and inspired by global trends, this is the stamp of modern style in any space.

Our new range of melamine faced boards, built on our distinctive black NobleCore™ base, Monteo+™ is the perfect canvas for surface detailing, panelling and decorative edge treatments in living areas, kitchens, offices and shopfitting.

Whether as a decorative frontal, slatted wall panel, desk or boardroom tabletop, or any other decorative furniture element, it is always recommended to properly seal the edges, to ensure your installation lasts as long as possible.

This range is everything you need to let your imagination run wild.

Substrate	Finish	Thickness	Sheet Size	Pack Size
NobleCore™	Natural Touch	18mm	2 750mm x 1 830mm	5

Free your imagination

COLOUR CARCASS SOLUTION

Make the inside as beautiful as the outside.

Colour carcassing is growing in popularity. With minimal additional investment over the full cost of a project, colour carcassing takes your installation to a completely new level.

PG Bison has curated a colour carcass range of 4 solid colours and 2 textile prints in support of this trend. We've included matching backers too, with the 4 solid colours available on 3mm SupaWood® and the 2 textiles on 6mm SupaWood®. And all the backers in a 9x6 board size, for better yield and less waste.

The 4 solid colours in 16mm MelaWood® are already available in PEEN finish, to compliment MelaWood SupaGloss® frontals. Now, all 4 solid colours are also available in STRATA finish, for a better visual match to MelaWood SupaMatt® frontals.

Now you can make the inside as beautiful as the outside.

NOW AVAILABLE

3mm x 2750mm x 1830mm (Single face DecoBord® (foil) on SupaWood®)

6mm x 2750mm x 1830mm (double face MelaWood® on SupaWood®)

DOOR SKINS

New doors are opening.

Introducing DOOR SKINS by PG Bison.

We're here to help people create beautiful spaces, no matter what they need. That's why we're offering even more now and are manufacturing DOOR SKINS to the same high standard and quality that we're famous for.

PG Bison DOOR SKINS are cut from high density fibreboard (HDF) and available in three standard thicknesses and industry specific sheet sizes.

Contact your preferred stockist for more details.
