

25 January 2021

PRODUCTION HOLD PLACED ON SPECIFIC ITEMS

Please note we have placed a production hold on the following items until further notice:

- MelaWood High Wear
- MelaMatched
- 15mm BisonBord Select (Unsanded)
- Utility White BisonLam

We will be unable to accept any orders for these products for the foreseeable future.

These items put additional pressure on an already constrained manufacturing capacity. Given the current market conditions and the resulting constraints experienced across the market, we have chosen to hold off on producing these items to allow us to focus on where demand is greatest, being our standard and Premium MelaWood ranges.

If you have any queries, please do not hesitate to contact your regional sales manager.

Yours faithfully

JUSTIN BERRY

EXECUTIVE: SALES & MARKETING
