Subject: Product Range Update – Congo and Cappuccino 3mm Single-Faced Foil Backers

Dear Valued Customer,

PG Bison regularly reviews its product offering to ensure that our range remains relevant, sustainable and aligned with customer and market demand.

As part of this review, we have closely monitored demand for the **Congo and Cappuccino 3mm single-faced foil backers**. Unfortunately, current demand levels are not sufficient to support the continued inclusion of these products in our standard range. We have therefore made the decision to phase them out.

PG Bison currently has stock available and will continue to accept and fulfil orders for as long as stock remains available. The final exit date will therefore depend on customer order inflow and the rate at which the remaining stock is depleted. Based on current demand, we anticipate that stock may remain available until approximately the **end of September 2026**; however, availability cannot be guaranteed up to this date.

Customers who may have upcoming requirements for Congo or Cappuccino foil backers are encouraged to engage with their PG Bison sales representative as soon as possible so that we can assist with planning, subject to available stock.

Once the remaining stock has been depleted, the standard **PG Bison 3mm single-faced foil backer range** will consist of:

- **Super White**
- **Folkstone Grey**
- **Storm Grey**

We understand that range changes may require adjustments, and we appreciate your understanding and continued support. Our sales team remains available to discuss suitable alternatives and assist with the transition.

Yours sincerely,

Justin Berry

Executive: Marketing and Demand Creation
