SUPATEXTURE[®]

 PG BISON

IT TAKES A CERTAIN FEELING
TO CREATE A BEAUTIFUL SPACE.

MelaWood SupaTexture®
feels as good as it looks.

PROCESS

Using heat and pressure, melamine-treated decor paper is fused to both faces of the board with speciality surface texture plates, in a one-step process, creating a balanced, durable, hygienic, moisture resistant surface.

PROJECTS

APPLICATION: INTERIOR

MelaWood SupaTexture® gives you an authentic surface texture combined with more exotic designs to produce eye-catching applications, just right for cupboard door and drawer frontals, shelving, furniture units and fixtures and panelling in kitchens, bedrooms, living room areas, offices, hospitality and retail spaces.

MelaWood SupaTexture® offers an expanded range of surface textures across woodgrains and solid colours, giving you even more freedom to create that certain feeling your space needs.

TYPICAL USES

- Kitchen door and drawer frontals
- Shelving
- Wall display units
- Built-in and freestanding cupboard frontals
- Freestanding & fixed furniture
- Panelling and wall-cladding
- Shopfitting elements
- Office furniture elements

MelaWood SupaTexture® is locally manufactured by PG Bison, so it's readily available with technical backup a call away.

For that authentic feel, choose PG Bison's MelaWood SupaTexture®.

Subject to our standard terms and conditions of sale, PG Bison warrants only the performance properties of our products as set out in our technical data sheets. Please run detailed trials and tests to verify how your established procedure is affected before using any product contained herein in normal production.

As products, tools, machine technologies, processes and value add activities continuously develop, please always refer back to our website for changes and updated product guidelines at: www.pgbison.co.za

DISCLAIMER

Please Note: The information and statements herein are believed to be reliable but are not to be construed as a warranty or representation for which PG Bison assumes responsibility, legal or otherwise. Users should undertake sufficient verification and testing to determine the suitability for their own particular purpose of any information or products referred to herein. No warranty of fitness for a particular purpose is made. Nothing herein is to be taken as permission, inducement or recommendation to practice any patented invention without a licence.

Whilst every care is taken to ensure the colour samples you see here are as close as possible to the real thing, please be aware there may still be slight differences between the colour in the brochure and the actual product due to the brochure production process. Before making your final decision, please be sure that you're 100% happy with the colour and finish you have chosen by asking to see a larger piece of the actual product.

PG Bison cannot be held responsible for any difference in the colours represented here to that of the actual product.
